ORDER:

In the reference read above, the Engineer-in-Chief(Irrigation), Hyderabad has submitted proposals for according necessary Permission for drawl of 1400 KLD water from 2 infiltration wells identified by Ground Water Department in Gosthani river bed by M/s.Sri Bajrang Power and Ispat Limited, Sy.No.11,12,13,19 to 22 & 23, Kothur(V), S.Kota(M), Vizianagaram District for a period of 5 years under Consumptive use with usual terms and conditions and also the terms and conditions laid down by the Ground Water Department.

2. Government after careful examination of the proposal, hereby accord permission for drawl of 1400 KLD water from 2 infiltration wells identified by Ground Water Department in Gosthani river bed by M/s. Sri Bajrang Power and Ispat Limited, Sy.No.11,12,13,19 to 22 & 23, Kothur(V), S.Kota(M), Vizianagaram District for a period of 5 years under Consumptive use subject to the concurrence of District Collector, Vizianagaram and clearance of Pollution Control Board with usual terms and conditions as follows and also the terms and conditions laid down by the Ground Water Department:-

Terms and conditions as follows:-

1. Pumping of water from the infiltration wells should be in two spells in a day.
2. The recommendations hold good in normal rainfall and Safe category of Ground Water Development conditions.
3. Proper design for construction of infiltration wells should be made for the sustainable groundwater withdrawals to the plant and the same shall be furnished to the Department.
4. Permission has to be obtained from the concerned Mandal Revenue Authorities before execution of infiltration wells in Form-III of APWALTA.
5. The Ground Water Department reserves the right to stop the withdrawal of groundwater from the recommended infiltration wells during emergency or when the plant Authorities violates the terms and conditions.

P.T.O.,

6. The water drawn from the infiltration wells should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation of the permission without any notice and also liable for imposition of penalty.
7. The entire cost of Infrastructure to draw water shall be borne by the industry only.
8. Water meters or suitable approved measuring devices should be installed by the industry at their own cost to measure the water consumed and water measuring devices should be kept under the control of Irrigation & CAD Department and the representatives of the user shall be present at all times for taking readings.
9. The industry should pay water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate/royalty the permission to draw water shall stand cancelled.
10. No field bund or pipe line shall be taken through or along Government land without approval of Government and if permission is accorded by the Government the lease of Government land should be paid as fixed by the Government only.
11. The Industry should obtain the prior concurrence of concerned Department for laying pipe line and for crossing etc.
12. The industry should make their own arrangements for supplementation of water in their premises only.
13. The industry should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose off the treated effluents in the natural resources.
14. The Irrigation & CAD Department reserves the right for cancellation of the permission without assigning any reasons thereof.
15. The irrigation Department is in no way responsible of non-supply/Non availability of water due to any reasons in any particular water year.
16. The Industry must strengthen the River margin 100 Mts. on either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department.
17. The industry should lay the pipe line duly leaving not less than 1.00 Mts. from the toe of the flood bank.
18. The industry has to construct CC walls to avoid leakages at pipe line crossings.
19. The industry should follow the Revenue Board Standing Orders (B.S.O.) guidelines.
20. The industry should pay security deposit at 2.5% on 5 years water charges for which permission is granted.
21. The permission accorded shall be for a period of 5 years only. The permission shall have to be renewed well in advance before 3 months from the expiry of the permission.
22. The Industry shall pay one year water charges as an advance and amounts due to the Department before entering into agreement.

Contd.. 3.,

23. The present rate of royalty charges as per the G.O.Ms.No.39, I&CAD Department, Dated:02-04-2002 is Rs.4.50 per 1000 gallons for consumptive use. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time. The royalty charges on water shall be paid in advance every year.
 24. The firm has to pay the water charges for the estimated quantity in advance at the beginning of the Finance year (i.e.,) before 10th April every year as per B.S.O.
 25. The consumptive utilization of 1400 KLD as required should not be exceeded under any circumstances.
 26. The industry shall abide any other conditions laid down by the Government/Department from time to time.
 27. The permission does not confer any riparian right to the industry.
 28. Non adherence of the any of the above conditions by the industry entails cancellation of the permission.
3. The Engineer-in-Chief(Irrigation), Hyderabad/ the Director, Ground Water Department shall take necessary further action in the matter, accordingly.
